Incorporate anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain updated uses, and more recently developed additional, related, and similar drugs. To understand their physicochemical properties, pharmacokinetics and pharmacodynamics, we need to explain the pertinent physical and behavioral sciences—to include but not be limited to anatomy, physiology, biochemistry, pharmacology, and related disciplines. Nurses, nurse specialists, and other providers maintaining skills of the same kind are encouraged to review and update their professional expertise of the practitioner. Presentations are designed to facilitate the physician, to be an expert in matters involving health care delivery; serve as an informed manager of clinical services, and thus improve patient care. Our members participate in continuing medical education, including the delivery of medical care, to improve patient outcomes for all patients served. Anesthesiologists are the only ones who can take away the pain, and we do it with drugs. These drugs include opioids, nonopioids, and adjuvant analgesics. They are used for a variety of indications, including pain management, procedural sedation, and sedation for diagnostic and therapeutic procedures.

**PROGRAM PURPOSE:**
Director, Northwest Anesthesia Seminars, Pasco, Washington

**TARGET AUDIENCE:**
Physicians, certified registered nurse anesthetists (CRNAs), nurses, nurse specialists, anesthesiologists, and other providers maintaining skills of the same kind.

**SCHEDULE**

**Monday, March 21**
- 0630: Registration – Mandatory Sign In – Continental Breakfast
- 0900: PBLD: Teenager Who Has Sniffed Cocaine and is Pregnant
- 1015: Evaluation and Management of the Difficult Airway
- 1115: LMA: Physiology and Advanced Use
- 1215: PBLD: The Morbidly Obese Patient for Craniotomy
- 1315: Adjourn
- 2.3 Pharmacology

**Tuesday, March 22**
- 0800: Staying Out of It and Getting Out of It
- 0900: Anesthetic Considerations in the Geriatric Patient
- 1015: Acute Pain Management: The Role of Adjuvant Analgesics—Pharmacology I
- 1115: Pain Medicine: Regional Techniques
- 1215: Adjourn
- 2.3 Pharmacology

**Wednesday, March 23**
- 0800: The New Challenging Pediatric Patient
- 0900: Current Prospectives in Pain Management
- 1000: Current Controversies in Pain Management
- 1115: Trends in Current Pain Management
- 1215: Pain in the 21st Century: From basic science to clinical practice
- 1315: Adjourn
- 2.3 Pharmacology

**Thursday, March 24**
- 0800: The New Challenging Pediatric Patient
- 0900: Current Prospectives in Pain Management
- 1000: Current Controversies in Pain Management
- 1115: Trends in Current Pain Management
- 1215: Pain in the 21st Century: From basic science to clinical practice
- 1315: Adjourn
- 2.3 Pharmacology

**SCHEDULE**

**Monday, March 21**
0630: Registration – Mandatory Sign In – Continental Breakfast
0700: Preparative Evaluation, Identification, and Optimization of the Risk Patient
0800: Evaluation of the Pharmacologically Complex Patient
0900: Nuts and Bolts of the Perioperative Team
1030: Preparative Evaluation, Identification, and Optimization of the Risk Patient

**Tuesday, March 22**
0800: Preparative Evaluation, Identification, and Optimization of the Risk Patient
0900: Nuts and Bolts of the Perioperative Team
1030: Preparative Evaluation, Identification, and Optimization of the Risk Patient

**Wednesday, March 23**
0800: Preparative Evaluation, Identification, and Optimization of the Risk Patient
0900: Nuts and Bolts of the Perioperative Team
1030: Preparative Evaluation, Identification, and Optimization of the Risk Patient

**Thursday, March 24**
0800: Preparative Evaluation, Identification, and Optimization of the Risk Patient
0900: Nuts and Bolts of the Perioperative Team
1030: Preparative Evaluation, Identification, and Optimization of the Risk Patient

**PAYMENT METHODS:**
- Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in USD only, payable to NWAS.

---

**SCHEDULE AND FACILITY CHANGES:**
- Faculties may be incorrect due to printing, electronic, or clerical error.

---

**COURSE CANCELLATION BY PRODUCER:**
- We reserve the right to cancel a course for any reason. In such case, if time permits, we will inform all registrants of any changes prior to the program. Changes on the site due to local conditions will be announced in class.

---

**TRAVEL AT YOUR OWN RISK:**
- We reserve the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.

---

**ERRONEOUS PRICING NOTICE:**
- Northwestern Anesthesia Seminars, Northeastern and Northwest; Wides Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
