

Accreditation

Pharmacists / ACPE

Q: Are your programs approved by the Accreditation Council for Pharmacy Education (ACEP)?

A: No, our programs are not approved by the ACPE. Our programs offer AMA PRA Category 1 continuing medical education (CME) credits.

Q: As a pharmacist, can I use CME (continuing medical education) credit awarded at your programs?

A: This depends on which state you live in. Different state boards of pharmacy have different requirements for continuing education. Some accept CME credit, while others accept only ACPE-approved CPE (continuing pharmacy education) credit. Please refer to your state board of pharmacy to find out if CME is accepted.

For more information, see the ACPE and/or NABP websites:
