

Meeting Attendees and Exhibitors

Can my spouse, child, or friend sit in on the lectures?

Lecture attendance is for paying attendees only. Non-medical professionals are welcome to attend at the RN/Other tuition rates. We do not break down tuition by the lecture, but we are happy to provide you with a daily seminar tuition price.

We do not allow children in the classroom due to occasional graphic lecture content, slides and noise issues. Most hotel Concierges and the cruise lines we use can provide you with childcare information.
