

# Meeting Attendees and Exhibitors

## Do you accept exhibitors at your meetings?

Effective January 1st, 2018, we will no longer accept exhibitors for any of our meetings.

Our goal at Nwas is to offer our attendees a learning environment conducive to study. We feel that allowing exhibitors at our meetings has not added enough value to justify continuing this practice in future. Also, since the approval process for exhibitors is labor intensive, we feel that dedicating our staff to the needs of our attendees is a better use of our efforts.

Thank you for your interest.
